- **Action we are asking for:**
  - Request a continuance until January 2017 for the following two public hearings:
    - **ACHD Public Hearing – December 14<sup>th</sup> @ 6:00pm**
    - **Planning Commission Public Hearing – December 15<sup>th</sup> @ 6:00pm**
  - This continuance will allow for:
    - Improved attendance by the residents due to:
      - Difficulties attending back-to-back public hearings (time away from family, obtaining baby sitters, travel plans, children studying for tests before school break, etc.)
      - Holiday season conflicts (shopping, parties)
      - Whatever else you can think of
    - The developer to meet with the residents of Tuscany in early December to discuss their reasoning behind the application and possibly modify it based upon those discussions (watch the website for specific details)
    - Mitigating concerns that the meetings are scheduled at this time specifically to ensure reduced support from the Tuscany residents
